SCORING & OUTCOMES

SUCCESSFUL TRY

1 POINT

UNSUCCESSFUL TRY

1 OUT

SWITCH RULE

After 3 outs, **offense** and **defense** switch roles.

IMPORTANT

2

There are only **two possible outcomes** on every possession:

YOU SCORE.

YOU ARE OUT.

Every offensive possession **must** finish with an attempt to score.

Being touched near the end zone has **no value** unless the offensive team **scores**.

SCORE IN THE END ZONE. EVERY ACTION COUNTS.

HOW TO SCORE

THREE WAYS TO SCORE. EVERY POINT COUNTS.

RUN IN

Run with the ball into the end zone to score.

CATCH IN

Catch the ball while standing in the end zone to score.

REDIRECT (CATCH BY TEAMMATE)

Redirect the ball to a teammate, who catches it in the end zone to score.

SCORE IN THE END ZONE. EVERY WAY COUNTS.

HOW TO MAKE AN OUT

FOUR WAYS THE OFFENSE CAN LOSE THE BALL.

1 TOUCH

The offensive player with the ball is **touched** by a defensive player.

2 INTERCEPTION

A defensive player **catches** a pass intended for an offensive player.

3 BALL ON GROUND

The ball **touches the ground** or any part of the body.

4 OUT OF BOUNDS

The player **runs out of bounds** with the ball.

ANY OF THESE HAPPENING
ENDS THE PLAY.

THAT'S AN OUT.

5 SKILLS. ONE INSTINCT.

MASTER THE 5 GESTURES THAT DEFINE PURINSTINCT.

01

FUNDAMENTALS

RUN

Carry the ball, beat defenders, keep it in hand.

02

TECHNIQUE

LATERAL PASS

Side and backward passes open space, break the defense.

03

POWER

POKE

Punch the ball forward. Direct, explosive, unpredictable.

04

RANGE

KICK

Punt the ball for long passes across the field in an instant.

05

MASTERY

REDIRECT

Elite move — change the ball's trajectory in a split second.

SPECIAL POWER

A REDIRECT PREVENTS THE OPPONENT FROM TOUCHING THE BALL CARRIER.

5 SKILLS. 6 ACTIONS. ENDLESS POSSIBILITIES.

ALWAYS ALLOWED

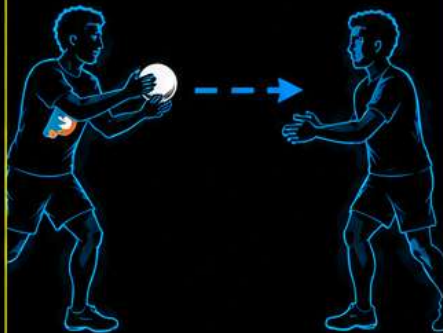

RUN WITH THE BALL

Carry the ball and move in any direction.

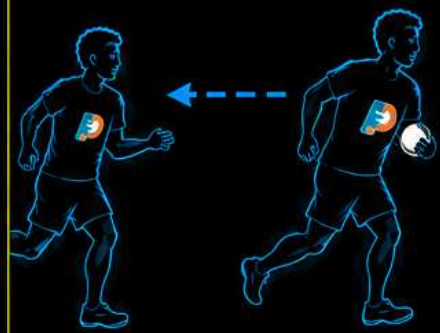

LATERAL PASS

Throw the ball side to side.

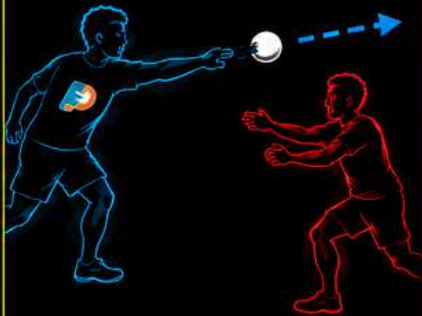

BACKWARD PASS

Throw the ball toward your own end.

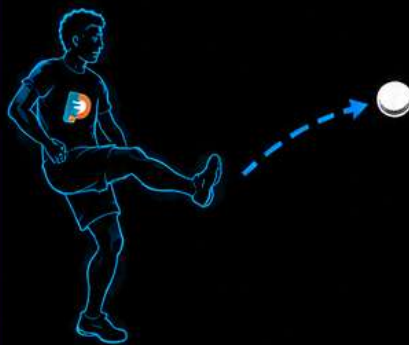

POKE (PUNCH THE BALL AS A PASS)

Poke the ball in any direction to pass.

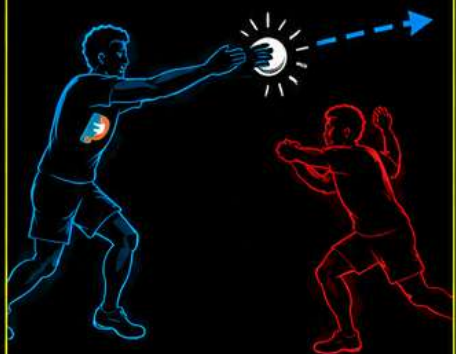

KICK PASS (PUNT THE BALL)

Kick the ball to any teammate.

REDIRECT

Deflect the ball with one or both hands without catching to change its direction.

PLAY FAST. PLAY SMART.
THESE ACTIONS ARE ALWAYS ALLOWED.

// 16 SECONDS TO SCORE.

NO CONTACT. NO DROP. BEAT THE CLOCK.

Each offensive possession has **16 seconds** to reach the end zone or score.

16:00

HOW IT WORKS

1 START

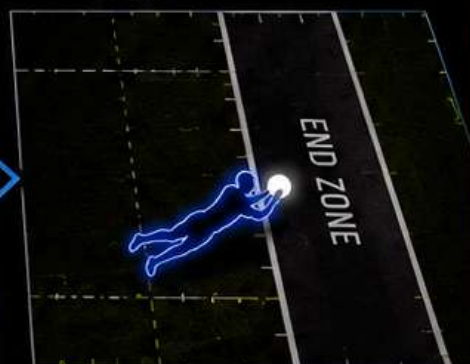

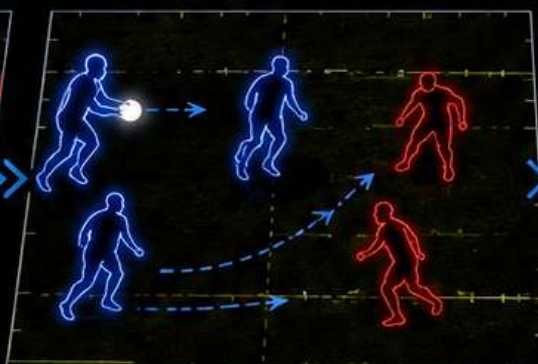

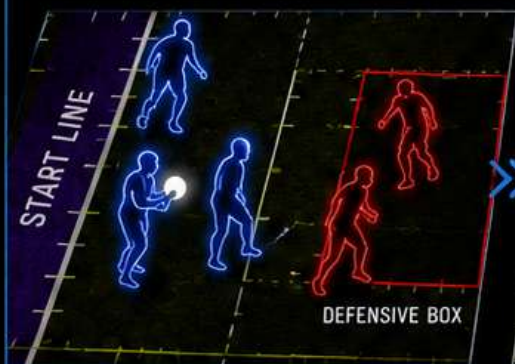

The ball is put into play.
The 16-second clock begins.

2 DRIVE

Advance the ball downfield without being touched or dropping it.

3 SCORE

Reach or catch the ball in the end zone before the clock hits 0.

TIME EXPIRES = 1 OUT.

If the offense does not score before the 16 seconds are up, it is an out.

THE CLOCK STARTS ON: **FIRST TOUCH** OF THE BALL BY THE OFFENSE.

KEY REMINDERS

16 SECONDS.
Plan fast.
Act faster.

NO CONTACT.
A touch is an out.
Protect the play.

NO DROP.
If the ball hits the ground, it's an out.

SCORE FAST.
Creativity + speed
beat the clock.

TEAMWORK.
Move together.
Think together.

16 SECONDS. NOT ONE MORE.

PENALTIES

01 ILLEGAL ENTRY

Defenders enter the field before every offensive player is on it, or more than 2 defenders enter at once.

02 THIRD DEFENDER

A third defender remains on the field during a possession.

03 EARLY BALL TOUCH

The first ball carrier touches the ball before all offensive players have touched the Offensive Box.

04 ILLEGAL CONTACT

Any physical contact in this no-contact sport (pushing, holding, blocking, grabbing).

CONSEQUENCE OF PENALTY

OFFENSE

3 vs 2 → **2 vs 2**

Offense must go **2 vs 2** instead of 3 vs 2 for a sequence.

DEFENSE

Defense must do **one more out** (4 instead of 3) before switching to offense.

TRANSITIONS

10

PART 1

WHAT IS A TRANSITION?

Transitions happen every time players rotate between **offense** and **defense**.

They are one of the most strategic parts of **PurInstinct** and allow the game to maintain constant speed and flow.

Good transitions reward:

AWARENESS

TEAMWORK

COMMUNICATION

FAST DECISION-MAKING

TRANSITION AFTER 3 OUTS

AFTER 3 OUTS:

3
OUTS

OFFENSE AND DEFENSE SWITCH ROLES

OFFENSE

DEFENSE

- The former offensive team becomes the defensive team.
- The former defensive team becomes the offensive team.
- This switch is performed quickly to keep the game moving and create immediate scoring opportunities.

SPECIAL RULE

Players who participated in the last play may bypass certain transition requirements and move directly toward their next box.

EXAMPLES:

DEFENSIVE BOX

An attacker who was touched may run directly to the Defensive Box.

OFFENSIVE BOX

A defender leaving the field may run directly to the Offensive Box.

IMPORTANT:

Every player must completely exit the playing field before entering the next box.

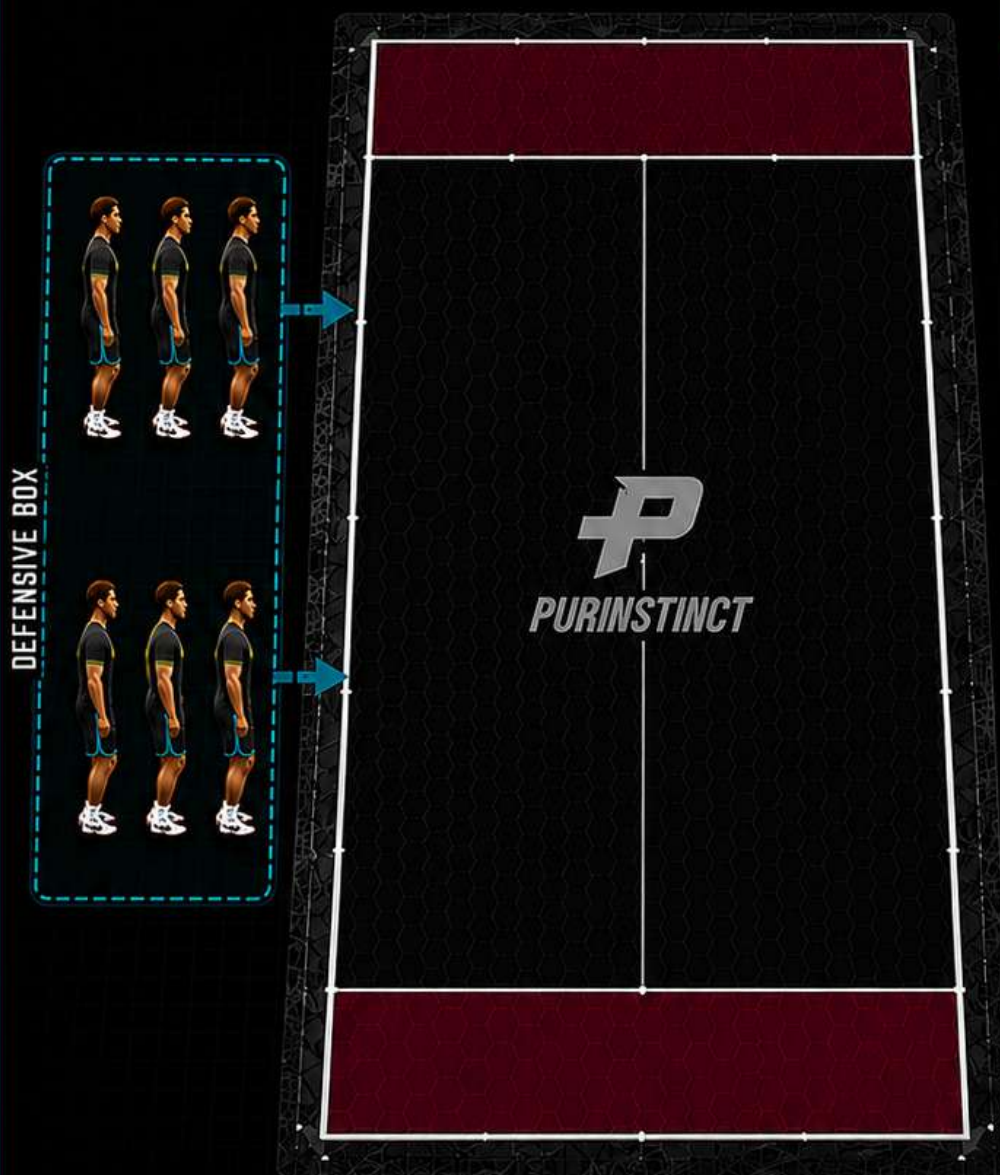

Waiting players must touch their new box before entering play.

TRANSITIONS

10

PART 2

DEFENSIVE TRANSITIONS

ENTERING THE FIELD

The defensive team must wait until every offensive player has entered the field before sending defenders.

BEFORE ENTERING:

At least one foot must touch the Defensive Box.

Only 2 defenders may enter the field at a time.

IMPORTANT

The defensive team must wait until every offensive player has entered the field before sending defenders.

This ensures fair play and maintains the flow of the game.

ILLEGAL ENTRY – PENALTY

A penalty is awarded if defenders enter too early.

COMMON MISTAKES:

- ⊗ Entering before all offensive players are on the field.
- ⊗ Having 3 defenders on the field simultaneously.
- ⊗ Leaving players outside the required transition sequence.

IF A THIRD DEFENDER REMAINS ON THE FIELD, THE TEAM MAY RECEIVE:

An automatic point for the offense.

A yellow card to the player at fault.

OFFENSIVE TRANSITIONS

RESTARTING PLAY

During an offensive transition:

All Players must touch the
Offensive Box.

The ball is placed
on the ground.

Play begins immediately.

The offensive team
does not need to wait
for the defense to be ready.

First 3 players can enter
and stay behind the
start line.

First ball carrier must wait for
all the players to have touch
the offensive box before
touching the ball (if not it's
a **penalty**).

ILLEGAL ENTRY - PENALTY

A penalty is awarded if defenders enter too early.

COMMON MISTAKES:

- ⊗ Entering before all offensive players are on the field.
- ⊗ Having 3 defenders on the field simultaneously.
- ⊗ Leaving players outside the required transition sequence.

IF A THIRD DEFENDER REMAINS
ON THE FIELD, THE TEAM
MAY RECEIVE:

An automatic point
for the offense.

A yellow card to
the player at fault.
